

Apex Instruments Calibration Services

Full Service Calibration Laboratory For Pressure Temperature, & Electrical Equipment

"Our Commitment Is To Accuracy, Reliability, & High Quality Service"

Pressure, Temperature, & Electrical Calibrations

Analog Pressure Gauges • Deadweight Testers • Digital Pressure Gauges • Pressure Calibrators • Pressure Modules (Ametek/ Crystal Engineering, Ashcroft/ Heise, Beta, Fluke) • Analog Thermometers • Digital Thermometers • Dry Block Calibrators • RTD Simulators • RTD Readers • Thermocouple Calibrators • Temperature Simulators • AC/DC Voltage and Current • Clamp Meters • Digital Multimeters • Loop Calibrators • Multi-function Calibrators

Calibration Standards With Cutting Edge Technology and Performance

Automated Calibrations Ensure High Accuracy Recertification & Quick Turnaround

Wide Rangeability Assures Wide Workload Coverage - Calibrations Up To 15,000 PSI

Calibration Service's Include

- ▲ Calibration Certificates with As Found / As Left Data
- ▲ Calibration Label with Date Certified and Re-Certification Date
- ▲ Calibration Seals where Applicable
- ▲ Archiving of Historical Data for an Indefinite Period
- ▲ **1 Week Turn Around Time (May Vary Depending On Workload)**
- ▲ Loaner Units Available at no Charge
- ▲ Repair of Instrument if Necessary
- ▲ NIST Traceable Calibrations
- ▲ Pick Up and Drop Off Available Depending on Location

For More Information on Rates and Availability:
